

Restorative
Eye Treatment
with TriHex Technology®

BENEFITS

- Reduces the appearance of fine lines and wrinkles around the eye
- Diminishes the appearance of puffiness around the eye
- Helps improve appearance of skin firmness around the eye
- Promotes even skin tone and helps reduce appearance of dark circles

ORDER OF USE

Apply after use of other ALASTIN Skincare® treatment products but before sunscreen.

HOW TO USE

Apply one pump to the area around the eye each morning and evening.

Avoid getting in eyes. If contact occurs, rinse thoroughly with water.
